## Hancock General Hospital

### Board Takes Drastic Action To Save Hospital

by Adoree Shortle

In an almost desperate effort to save the county's only medical facility, Hancock General Hospital trustees Tuesday night took decisive action to close one wing and reduce the general staff proportionately.

Although preceded by a relatively brief discussion Tuesday, the decision to cut back was carefully considered and was the culmination of months of exploring every possible alternative by

the hospital board to keep the facility open.

During the course of the regular business meeting trustee Br. Martin drafted the following proposal which was unanimously accepted by motion of the board:

"In view of the fact that we have only two full time physicians serving this hospital and community and that these two physicians can care for not more than 20 hospital patients, I move that the hospital be, for the present, reduced to a 25-bed hospital by closing one wing

"Further that the departmental staffs be reduced proportionately and that the staff be recommended for the

efficient running of a 25-bed hospital, and that this be effected by the time of the next payroll date following the payroll period now being processed. Some part time people and some others should be terminated at the date of the present payroll period. This motion I offer as a firm directive and not as a suggestion, and that this action be effected by the administrator and Mrs. Santiago after consultation with the heads of the departments."

Board members expressed a reluctance to adopt such drastic measures as reduction of the 66-bed facility to 25 beds and even more at the prospect of laying off some of the 92 members of the hospital's staff. Fr. Charles Johnson, president of the board, noted that regrettable as the measure may be, it was better than closing the hospital altogether.

The hospital's survival has been threatened for some time by a combination of factors such as rapidly rising equipment and operational costs as well as a severe shortage of doctors,

trustees stated. The shortage of resident physicians has led to a dwindling patient census which cuts needed hospital revenues. An assessment of the institution's financial situation has left the board no alternative, it was explained.

Hospital administrator Howard Valentine was instructed to meet Wednesday morning with department heads for their recommendations on staff reductions. Mrs. Santiago advised

the board that cutbacks would not be possible in certain departments as the hospital was understaffed now in some areas. She cited maintenance, pharmacy, the laboratory and registered nurses in particular as being at minimum complement.

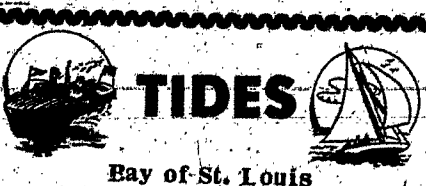

The motion to reduce was accepted with the understanding that this was an interim measure which could be rescinded when relief of the doctor shortage warranted.

A study is in progress to determine the feasibility of conducting an extended care facility in the unused wing for patients qualified for Medicare. However, Valentine told the board, feasibility of such an operation is questionable at this time as several hospitals he has contacted have advised that rising operational costs and the current physician shortage have adversely affected those facilities now in operation.

### Williams Arrested On Dope Charge

Hancock County Special Agents arrested a Bay St. Louis man Saturday night on charges of possession of marijuana and possession of drug paraphernalia.

Acting on a search warrant, Agents Ronald Peterson and Paul Bernard stopped Charles Wendell Williams, 21, as he was driving on Felicita street about 10 p.m. A search of the vehicle revealed a small amount of marijuana and a pipe. Williams was booked on the above charges and released under a \$1,000 cash bond. The case is scheduled for hearing before Justice of the Peace Roger Dale Ladner tonight.

FRIED OYSTERS, not on the half shell but on the highway were the order of the day Tuesday when this refrigerator truck, headed for Florida with a full load of fresh oysters, overturned on Highway 90 at the Main street intersection and burst into flames. Bay firemen quickly extinguished the fire, but cleaning up the thousands of fried oysters spilled on the road was a larger problem. Four persons were injured in the car-truck collision. ### Truck Burns, Oysters Fry After Hiway Crash

A car-truck collision Tuesday afternoon at the Highway 90 and Main street intersection tied up traffic for about 30 minutes while Bay firemen extinguished roaring flames which consumed the truck's cab and fried hundreds of spilled oysters.

Four persons were injured in the 3:15 p.m. accident which occurred when the refrigerator truck, en route to Florida from New Orleans with a full load of oysters, sideswiped the rear of a 1972 Pontiac Firebird, ran onto the median and overturned.

Dennis Flowers, 19, driver of the truck said the brakes failed as he approached the intersection and he turned

onto the median in a futile attempt to avoid hitting the Pontiac.

The truck burst into flames immediately after turning over but Flowers and Frank Crosby, 25, a passenger in the truck, managed to escape the burning cab with relatively minor injuries. Both men are employed by Mixon Seafood Co. in Apalachicola, Fla. which owns the truck.

The two men were given emergency first aid at the scene of the accident by Bay Fire Chief Richard Fayard and Asst. Chief Robert Andrews, then taken to Hancock General Hospital. Two of the three passengers in the automobile were taken to the hospital by Riemann

Fahey ambulance. The more seriously injured, Sterling Price, 18, was transferred to Gulfport Memorial Hospital with facial injuries. Dionne Whavers, 18, was examined at Hancock General for possible injuries of both legs. Samuel Sheppard, 23, driver of the car, apparently escaped injury. All three are Bay St. Louis residents.

Flowers was cited by investigating Highway Safety Patrolman James Woodfin for following too closely. Bay and Waveland police units assisted in traffic control as well as Hancock County sheriff's department and County Civil Defense Director Donald McIntyre.

### National Merit Semifinalists Named

Two Bay Senior High School students have been named Semifinalists in the 1974 National Merit Scholarship Program, according to Robert V. Magee, principal.

The students are Mary Kristin Frankiewicz and Veronica Young. Mary Kristin is the daughter of Mr. and Mrs. Victor Frankiewicz of Bay St. Louis. Veronica is the daughter of Mr. and Mrs. Thomas C. Young of Pearlinton.

They will compete for about 3,100 Merit Scholarships to be awarded in the spring. In the 18 annual competitions completed to date, 34,450 students have won Merit Scholarships valued at more than \$95.5 million.

Mary Kristin is president of the Student Council and president of the National Honor Society. Last year she was vice-president of the Junior Class and secretary of the Science Club and has been a member of the French Club both years.

Veronica is a member of the Science Club and the Spanish Club and as a senior, she is assistant editor and photographer for the school yearbook, The Tiger. As a junior, she won second place in a contest sponsored by the Mississippi Modern Foreign Language Assn., held at Edgewater Plaza.

According to Edward C. Smith, president of National Merit Scholarship Corporation (NMSC), "The approximately 15,000 Semifinalists are representative of the nation's most academically talented young people, and they bring honor not only to themselves, but also to their families, their teachers, and their communities."

"From this group will come many future leaders in business, industry, and the professions," he said. "The future success of these young people will, however, depend upon their ability to become productive at the high in-

tellectual levels that they are capable of attaining."

The Semifinalists were the highest scorers in each state on the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMSQT) administered last October to over one million students in about 17,000 schools nationwide. These

KRISTIN FRANKIEWICZ AND VERONICA YOUNG

students, who constitute about one-half of one percent of the graduating secondary school seniors in the United States, will complete high school and enter college in 1974.

NMSC identifies the Semifinalists to all regionally accredited U.S. colleges and universities. Many Semifinalists find this recognition useful in seeking financial aid from sources other than the Merit Program and in the process of gaining admission to college.

Semifinalists must qualify as Finalists to advance in the competition for Merit Scholarships. To become Finalists, the Semifinalists must fulfill requirements that include receiving the endorsement of their schools, confirming their high PSAT-NMSQT

scores on a second examination, and by providing evidence of their academic and other accomplishments. Ninety percent or more of the Semifinalists are expected to become Finalists, and each Finalist will receive a Certificate of Merit in recognition of distinguished performance in the competition.

Every Finalist will be considered for one of the 1,000 National Merit \$1000 Scholarships that are allocated on a state basis, according to each state's percentage of the total U.S. high school graduating class. A selection committee made up of experienced college admissions officers and secondary school guidance counselors judges all information about each Finalist in combination—his high school academic record, accomplishments, leadership qualities, extracurricular activities, as well as test scores. The winners of these one-time awards of \$1000 that are financed by sponsors and NMSC will receive a single payment next fall, after they enroll as full-time college undergraduates.

Many of the Finalists will also be considered for renewable four-year Merit Scholarships supported by some 450 corporations, foundations, professional associations, colleges, unions, trusts, and individuals. Winners of renewable Merit Scholarships receive up to \$1,500 per year which can amount to \$6,000 over the four college years.

NMSC will release the names of the Merit Scholarship winners in 1974 through the news media in three public announcements: winners of standard, four-year Merit Scholarships financed primarily by corporations and businesses will be announced on April 11; the winners of one-time National Merit \$1000 Scholarships will be named on April 25; and the announcement of college-sponsored four-year Merit Scholarship winners will occur on May 2.

## Torkanowsky, Symphony Orchestra To Appear In Bay Nov. 20

The New Orleans Philharmonic-Symphony Orchestra, which will appear in Bay St. Louis November 20th, is in its eleventh season with Werner Torkanowsky as Music Director and Conductor.

Torkanowsky was born in Germany, raised in Israel and came to the United States in 1948. While in the Middle East he began his conducting career. In America he was engaged as concertmaster for the Ballets Espagnols on a nationwide tour.

Due to unforeseen circumstances Torkanowsky was called upon to replace the conductor. In less than 24 hours he found himself on the podium conducting the company's New York debut. The unprecedented success of this performance led to his engagement as the ballet's music director and permanent conductor during the following two seasons, for which he received high acclaim from the press.

Following a special association with the late Pierre Monteux, he became Music Director of Jerome Robbins' "Ballet U.S.A." in 1958 and remained with the group for several highly successful visits to Europe.

In 1961 Torkanowsky was selected by Gian-Carlo Menotti for the composer's Festival of Two Worlds in Spoleto, Italy. That year he led performances of Samuel Barber's "Vanessa." He has since returned twice to Spoleto, most recently for performances of Debussy's "Pelleas et Melisande."

William Weaver, an American resident of Rome and one of Europe's leading music critics, reported in the English journal OPERA that "Werner Torkanowsky gave a splendid and varied reading of the score, bringing out all the clarity of detail, but also shading each scene distinctively and blending all into a well-paced whole."

Torkanowsky has appeared as guest conductor of most major symphony orchestras in the United States, including the Philadelphia Orchestra, Boston Symphony, Detroit Symphony, San Francisco Symphony, New York Philharmonic, and Los Angeles Philharmonic.

In 1968 he has been featured twice with the Philadelphia Orchestra in its summer series at the Robin Hood Dell. In 1971 he made his first guest appearance at the Aspen Music Festival to great audience and critical acclaim. Tickets for the performance in Bay St. Louis may be obtained from any Junior Auxiliary member, sponsors of the performance, or by contacting Mrs. James Woodfin at 467-5162.

Clermont Harbor Volunteer Fire Department Ladies Auxiliary met September 12 at Ladner's Grocery with Mrs. Irene Graff, president, officiating.

Plans were made for a benefit social and the date set for October 4 at 8 p.m. in St. Ann's Parish Hall.

A social hour followed the brief business session. Hostesses were Mrs. Gloria Peterson and Mrs. Emily Zimmerman.

The next meeting will be held at 8 p.m. October 10 at Ladner's Grocery.

WERNER TORKANOWSKY, internationally acclaimed symphony conductor, will appear in Bay St. Louis with the New Orleans Philharmonic-Symphony Orchestra for public performances November 20. The symphony program is an annual event under the auspices of the Bay-Waveland Junior Auxiliary.

### GC Mental Health Center

#### Grant To Fight Alcohol Abuse

The Gulf Coast Mental Center has received a \$25,000 grant to establish the Gulf Coast Alcohol Abuse Project, according to Dr. G. Kinsey Stewart, director.

The one-year grant, effective September 1, was awarded by the Mississippi

State Board of Health Alcohol Abuse and Alcoholism Program. Principal coordinator for the project is Gary Wiley, who has been associated with the Center for five months. Wiley will be assisted by Dr. Ray Cox, a counseling

psychologist, and other staff members.

The Alcoholism Program will serve Mental Health Region 13 is comprised of Harrison, Hancock, Stone, and Pearl River Counties, the area served by the Gulf Coast Mental Health Center. The Alcohol Abuse Project will attempt to evaluate existing alcoholism services and to assess the needs of those services.

Special arrangements are being made with Region 14, which is comprised of Jackson and George Counties, to provide an occupational alcoholism service. Plans are to concentrate this service within one industrial setting initially, with expansion to other Gulf Coast industries in the future.

Alcoholism is considered the nation's third ranking public health problem, preceded only by mental illness and heart disease. In Mississippi 64,000 persons are directly involved in alcohol abuse. It is estimated that for every person with an alcohol problem at least five other individuals are strongly affected.

One of the most important areas involved in the beginning stages of this program is the development of a steering committee. This committee will consist of persons interested in the problem of alcoholism who are willing to devote some time and effort in helping to alleviate this problem. In addition, educational classes will be devised in order that a more thorough understanding of the alcoholism problem will be gained throughout this area. These classes will be open to the public.

### 4-H Club Officers Elected

Theresa Garcia was elected president of the Waveland 4-H Club at a meeting last Thursday afternoon in Waveland United Methodist Church fellowship hall.

Other named to office were Beth Kilbert, vice-president; Lori Voss, reporter; Katherine Fuchich, historian; Peggy Smith, secretary, and Amy Rhodes and Lisa Kilbert, leaders.

Mrs. Norlie Barnes,

Hancock County Extension Home Economist, met with the group.

Goals listed for the year include baking birthday cakes for Meals on Wheels; mother-daughter get-togethers; sending cards to shut-ins and senior citizens; a picnic and visiting a place of interest.

Junior leaders named to assist the group were Sherri Voss, Donna Bleistein, Pam Smith and Tina Peterson.

Mary Ann Alsobrook was selected to give a demonstration on how to measure in the kitchen; Katherine Fuchich on proper table setting and Deborah Skelton to give the devotional at the October meeting.

Mrs. Maurice George, leader, is assisted by Mrs. Henry Stiller and Mrs. Norma Fuchich.

The next meeting was scheduled for 3 p.m., September 27, at which time members will start working on their projects for the annual County Fair.

### Echoes

Douglas Fitch arrived Wednesday morning from Coalchester, England, for a three week visit with his brother-in-law and sister Mr. and Mrs. Lucien Kidd and family.

A NOTE OF APPRECIATION so big it required an easel is admired by Mrs. William Argus, left, whose architect husband created the "note" for Mrs. Evelyn Griffith, right, on the occasion of Mrs. Griffith's retirement from the City-County Library board of directors. The card and other gifts were presented to Mrs. Griffith at a party in her honor given in the home of Mr. and Mrs. William Lamb on North Beach.

### Battalora President Of OLA PTO

Harold Battalora was elected president of Our Lady's Academy Parent-Teachers Organization at an organizational meeting last Wednesday in S.J.A. gym.

Others elected were Mrs. Phil Kergosien, vice-president; Miss Harriett Bellone, treasurer, and Mrs. Richard Sallinger, secretary. Luke Caruso was elected to the OLA school board and Victor Frankiewicz OLA representative for the Parish Council.

Michael Haas conducted the business session and Very Rev. Gregory Johnson, pastor

Our Lady of the Gulf Church, introduced the faculty and told of the purchase of necessary equipment for the various departments.

Norton Haas Sr., OLA building fund chairman, noted workers would soon start again on the building program fund drive. He also thanked all for their cooperation and asked for additional help.

Following the meeting, parents toured the renovated classrooms in the S.J.A. gym building.

The next meeting will be held at 7:30 p.m., October 10.

## Community Mental Health

by RAY COXE  
COASTAL MENTAL HEALTH CLINIC

**OLD AGE**  
In contrast to other societies, our western culture has always tended to worship youth. Attractiveness, productivity, progressive attitudes, and other socially desirable characteristics are associated with the early part of life. Also, beginning with middle age the dominant generation has always tended to hide its negative feelings toward younger persons, while emphasizing its positive feelings.

Interest in the aging process among social scientists is of relatively recent origin. Serious research on the aging process did not begin until 1930, and it was not until after World War II that interest in the organization of professional services began to grow with the establishment of the U.S. Federal Security Agency in 1951.

Traditionally, youth has been a preferred age for study, and the problems of the aged have for the most part been ignored. Social scientists know relatively little about what is normally expected among the aged. However, most studies point to a gradual decline in intellectual efficiency, a lack of interest or loss of motivation in the setting of goals, a decline in hearing, vision, or other sensory modalities, and educational differences. Dexterity and memory may also be expected to decline, particularly the ability to recall more recent events.

Interests may also change. In the younger and middle years sources of satisfaction include achievement in school, the development of relationships within the family, and vocational pursuits. In the later years satisfactions are more easily derived from religion, philosophy, or contemplation. In 1900 only four percent of the population of the United States was over 65. By 1950 the number had risen to eight percent. The life expectancy of both men and women is now beyond 70 years. With a lengthened life expectancy also come particular medical problems. Cerebral arteriosclerosis, with an average onset between the years of 50 and 65, occurs three times as often in males as in females. Senility, however, is more common among women by a ratio of two to one. Cerebral arteriosclerosis is characterized by headaches, dizziness, and spotty memory, while senility is associated with moral and sexual problems, which often incur the attention of a psychiatrist or psychologist. The need for a complete reorientation in thinking concerning elderly persons is evident from this brief review. Perhaps a new way of defining adjustment in old age might be in terms of a realistic acceptance of both the limitations and assets of this period of life. Hopefully, further work will be carried out which will close the lag between medical research, which keeps people alive longer, and psychological research, which deals substantially with the bases for adjustment during this period.

It does appear that the degree of adjustment among the aged is related to the quality of interpersonal relationships, the amount of

## Stolen Goods Fill Police Warehouse, Portions Returned To Waveland

More than \$1,700 worth of goods stolen from a beach home have been recovered by Waveland police through information supplied by St. Tammany police authorities, Waveland Marshal Fred Bourgeois said.

Last week area law enforcement agencies received a four-page list of stolen goods recovered by St. Tammany police following the arrests of a Louisiana couple and their five juvenile children, who allegedly had been operating a burglary operation in a two-state area for some time.

Marshal Bourgeois and Patrolman Terry Holmes methodically checked the list against Waveland police

department complaint sheets as far back as 1971. A color TV set serial number corresponding to that of one stolen from the home of Roy Amedee, 301 Beach Blvd. last February led ultimately to the recovery of \$1,700 worth of articles taken from Amedee's home.

Friday Holmes and Waveland Ptn. Eugene Hughes accompanied Amedee to the St. Tammany parish sheriff's office in Covington where Amedee identified a quantity of his missing belongings from an extensive assortment of items which Holmes said Louisiana police had recovered from the arrested couple's home.

St. Tammany deputies arrested Benny Ray Burgett, his wife Loretta Burgett and the couple's five children, ranging in age from nine to 16 years old, all of whom police suspect of implication in numerous robberies in Louisiana and Mississippi.

Waveland has issued warrants for burglary against both Mr. and Mrs. Burgett as well as their 16-year-old son. The parents are being held in the Covington jail without bond and the 16-year-old was released under \$5,000 bond. The other children have been remanded to Louisiana juvenile authorities, Holmes stated. He said there are holds on the couple from numerous law enforcement agencies in Louisiana and Harrison county as well as Waveland.

Some of the articles recovered in the Amedee burglary included the television set valued at \$495, a world band transoceanic radio valued at \$229.95, a box of silver tableware, engraved sterling goblets valued at \$75 each, linens, an antique clock and numerous silver trays.

St. Tammany police have impounded a quantity of the goods in a rented warehouse and are still in the process of moving articles from the arrested couple's home near Covington.

Marshal Bourgeois is notifying all Waveland residents who have suffered burglaries in the past two years to contact him for possible recovery in this case.

STOLEN GOODS, taken from the Roy Amedee home on Beach Blvd. last February are displayed by Waveland Marshal Fred Bourgeois, left, and Ptn. Terry Holmes. Waveland police expect to recover more than \$2,000 worth of stolen property from a collection recovered last week by St. Tammany, La. sheriff's department following the arrest of a Louisiana couple and their five children.

## 'Odd Couple' Opens At Beverly Playhouse

Frank Sutton arrived in New Orleans to star in the Beverly Dinner Playhouse's production of "The Odd Couple" and went right into rehearsal with co-star Patrick Baldauff and other members of the cast. Charles Gray came in from New York to direct the comedy.

The supporting cast for "The Odd Couple" includes Stanley Kahn, who wound up a very successful run in "The Tender Trap," J. P. Paradine, Danny Cirillo, Margo Nelson, and from New Orleans, Jerry Wilson and Diane Dallimore. Previews for "The Odd Couple" were September 18, 19 and 20, with the gala opening and champagne party on September 21.

Arriving from California with Mr. Sutton was Ronnie Graham, television's famous "Mr. Dirt," who is starring in "Last of the Red Hot Lovers," the show which opened the new Beverly Barn Dinner Playhouse in Shreveport on September 19. Mr. Graham will be in rehearsals in New Orleans, and will be directed by Producer Storer Boone. Two delightful actresses and Beverly favorites are also in rehearsal with Mr. Graham—Martha Sherrill and Mimi Bensingler. The third lovely is already here—Miss Joan Lancaster. Beverly

## New Absentee Policy At PRC

The Administration Office of Pearl River Junior College announced the adoption of a new absentee policy for the 1973-74 session.

The new absentee policy allows the student to take a more mature and responsible attitude toward his class attendance. Students are expected to be prompt and regular in their class attendance, therefore the administration and student council feel that students should be allowed to handle

the responsibility of reporting to class.

A student will be allowed to miss the equivalent to four weeks in class time (twelve days). If a student is absent from class six times the Dean's office will notify the parents. Should a student be absent twelve class periods, he will be dropped from the class role. The student has the right to appeal his case before an executive council. A student must show the causes for his absences and have an average that would merit his re-admittance.

When a student does miss class he will be required to go to his instructor and make arrangements to make up any work missed. It is the student's responsibility to make up the work in accord with the instructor's schedule. All work must be made up within one week.

## Echoes

Mr. and Mrs. Frank LaRosa spent the weekend in Ocean Springs with their nephew and niece Mr. and Mrs. Louis Rotundo and sons Joseph of Detroit, and Richard, who has just returned from a tour of duty in Viet Nam.

While there they also attended the wedding of their great-niece, Theresa Ann Parker to Louis E. Faulk of Bellehaven Baptist Church.

Word was received in Clermont Harbor of the death of Mrs. Mary Devaney of Jersey City, N.J., on August 22.

Mrs. Devaney was the mother of Father James Devaney who served as pastor of St. Ann Catholic Church, Clermont Harbor, for seven years. Fr. Devaney is presently pastor of the Church of the Ascension, Los Angeles, Calif.

# 'Best Reefs Are Found In Hancock Waters'

by Adoree Shortle  
Echo News Editor

Some of the most suitable bottoms in the Mississippi Sound for productive oyster beds are those stretching from Waveland West to St. Joe Point, according to scientific studies, conducted by Miss. Marine Conservation Commission biologists.

The commission has charted all potentially suitable oyster bottoms in Mississippi Coast waters and found the undeveloped bottoms between the bridges in the Bay of St. Louis and those near the Waveland shoreline are the best, William Demoran, Conservation Commission biologist said. For that reason, the commission has undertaken a seeding program with the expectation of good yields for area oyster fishermen in the next few years.

Although long, the area being seeded is narrow, averaging 500 feet in width. Some 50,000 cubic yards of clam shells are spread from barges into eight feet of water. The barges work no more than 1,000 feet off the Waveland shore where Demoran said the water quality and tidal velocity are ideal for bed development.

The range species of clam shells are used for these beds, Demoran pointed out, for two reasons. They are easier to identify for future commission observation and study and they attract single oysters, the most desirable kind for commercial use.

The first experimental planting in the Waveland

bottoms was made in July of 1970 by the commission. Twenty months later commercial fishermen were harvesting healthy market sized oysters from the Waveland reefs. The success of that planting led to the commission decision to re-plant in increased volume each year in hopes of developing a large offshore reef which would benefit local fishermen.

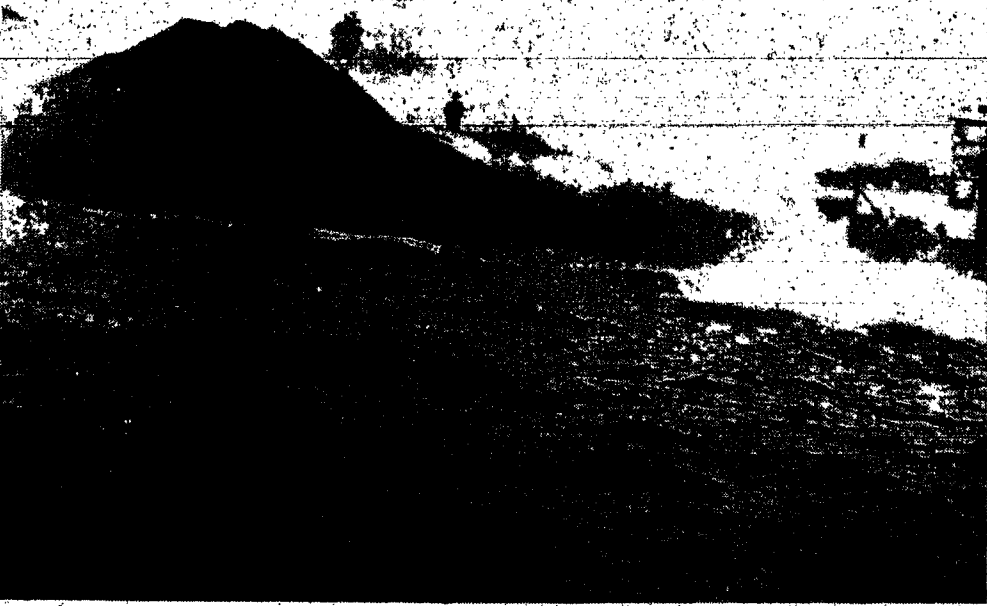

The program suffered a setback last year when excessive spring rains bringing too much fresh water to the beds ruined almost all of the yield, Demoran said. The only oysters harvested at that time came from the beds between the bridges in the Bay.

Beds seeded now won't mature for harvesting for at least 18 months, the biologist explained, however this winter fishermen can look forward to harvest from seedlings conducted two years ago.

To discourage poachers who fish the beds prematurely and ruin potential harvests for commercial boats, the commission this year has added two patrol boats which ply only Hancock County waters.

Manning the patrol boats in Hancock County are officers L. J. Fountain and Clifford Roberts.

Encouraged by the success of past seedings supported by scientific data, the commission is looking forward to a renaissance of the highly lucrative oyster fishing industry that once flourished at this end of the Gulf Coast.

UNDER GLOWING SKIES and in choppy waters, barge crew sweeps tons of clam shells into the Miss. Sound off the Waveland shore as Miss. Marine Conservation Comm. replenishes oyster reefs in Hancock County waters.

LASHED to the barges, a little tug with a powerful engine pushes the work barge and the shell barge slowly toward the Waveland shore as crews prepare to wash overboard the clam shells which will form the base for oyster reefs, under development by the Marine Conservation Comm.

A HELPING HAND is extended to marine biologist Bill Demoran by Ray Bordages as Demoran boards a Marine Conservation Comm. patrol boat from the tug. Demoran is supervising the oyster reef planting operation in Hancock county waters for the commission. Bordages, who operates a fishing camp on Bayou Caddy, is a member of the commission.

## Cuevas To Anchor Newsroom

Newsman Irv Cuevas, Bay St. Louis native and former Echo staffer, has been named to anchor the weekend news show for WSB-TV in Atlanta.

Cuevas, who came to Channel 2 News in 1969, will be joined on the 12 o'clock Weekend "Newsroom" by Jim Vlonde with the sports and John Doyle with the weather.

Cuevas was a broadcast journalism major at the University of Southern Mississippi. He worked in radio in Hattiesburg during his college days and began his television career at Biloxi's WLOX-TV.

In the past four years at Channel 2, Cuevas has handled a variety of assignments. THE PHONE NUMBER OF THE BAY POLICE DEPT. IS 467-9221

the latest being the station's political editor. With the 12 o'clock "Newsroom" on Saturday and Sunday, WSB Television will have 36 regularly scheduled newscasts each week, plus the Monday Morning News Conference.

Cuevas is the son of Mrs. Monroe Cuevas of Bay St. Louis.

## Draft Is Dead, Lottery Remains

In an announcement from Jackson, State Representative Earl E. (Buck) Ladner stated today:

"I have been asked by Mr. James L. Davis, State Director of the Selective Service System, to remind all young men in Hancock County that even though there is no draft they are still required to register with Selective Service within a 60-day period beginning 30 days prior to their 18th birthday.

"Mr. Davis explained while inductions have ceased with the expiration of such authority on July 1, the Military Selective Service Act remains in force. The annual lottery will be held, young men must register, and their local boards will continue to classify them. By these actions, the Selective Service System will maintain an available man-power pool, as prescribed by law, in the event

a national emergency requires the congress to authorize the resumption of inductions into the Armed Forces."

Chester L. Curvey, Veterans Service Officer for Hancock County, has been designated

the registrar for this area since the closing of the Selective Service Office on Main Street.

His office is on the second floor of the Court House and is open Monday through Friday.

## THE NEW LOOK

## The Price Of Valor

Hancock General Hospital trustees are once again facing grave problems and the hospital is in a period of crisis that probably overshadows the one it weathered some seven years ago.

To put it simply, the hospital board is hanging on with grim determination to keep the hospital open at any cost. And the costs have been high. This board has had to grapple with more problems than it deserves.

We have watched the board and the assistant administrator through months of travail with growing admiration for their performance under fire. Besides rising prices, operational snags and the doctor shortage, they have had to cope with the machinations of a rapacious member of the profession who is undermining the morale of the beleaguered medical staff and who was once described wryly by a board member as "a cancer we can do without."

Since discretion is traditionally considered the better part of valor, there are many facts which can never be revealed that would clarify the situation and put things in the proper perspective. For that reason, those persons who accept the responsibilities of a community and act with courage and integrity, as this board has, are often more censured than commended by those who stand to benefit most.

Still, aware of that fact, the hospital administrators accept it with the same grace with which they have faced mounting adversities. We only wish that those who, through a lack of understanding, will be quick to criticize the board's action this week could have been privileged as we have to observe this group of seven through the past months. It has been an education in perseverance and having the courage of one's convictions.

And while we're handing out plaudits let's include our two remaining doctors who are hanging in there, fighting the most ridiculous odds that they don't deserve either.

It's an ironic situation. The hospital board is straining at the seams to keep the two doctors here and keep the hospital open and the doctors are struggling to serve their community and their hospital and survive.

Maybe it's all in the answer to Dr. Levens' question at last Thursday's meeting: "Why do these two nuts choose to stay?"

The name of the game, doctor, is valor and dedication. And you're in a very exclusive club.

As for the community, if you can't do anything else, at least express your appreciation to the board and the doctors.

Or think about what you're going to do without a hospital or doctors.

## Washington Report

By: Rep. Trent Lott

We good-hearted Americans have been spreading joy throughout the world with such fervor that we have failed to take stock of the people we can count on in our times of trouble.

Remember, for example, who rushed to our aid this year when 59 United States communities were devastated by tornadoes? Or who hastened to our side when the great floods of 1972 swept through our nation?

Perhaps you remember who gave us food and clothing when Hurricane Camille ravaged our beautiful South Mississippi towns and cities in 1969?

Just for the record, a grand total of ZERO francs, pesos, pounds and liras came barreling in from our close friends and brothers throughout the world.

I'm not complaining, mind you. In fact, I'm rather proud that we have always managed to pick ourselves up by the bootstraps when we fell upon hard times. It's just that I think it is time we take a close look at the good folks around the world who rake in American dollars when their backs are against the wall.

Reading over a recent column by Paul Harvey, I noticed that he quoted a Canadian commentator who was praising the great spirit of the American foreign aid program.

"But when America stubs her toe," her public scandal uglier her image on the front pages of the world," the Canadian said, "When Americans get themselves out of this bind -- and they will -- I'd not blame them if they said:

"Let somebody else build foreign dams, buy foreign bonds, redesign foreign buildings so that they won't shake apart in earthquakes."

"I can name 5,000 times when Americans have raced to help other people in trouble; they have to be the most generous and the least appreciated people on earth."

A quick look at the breakdown of net foreign assistance to 127 nations of the world from 1946 through 1971 should reinforce that fact.

Thirty nations have received more than \$1 billion each during that 25-year period. Among those are our friendly Socialists in Chile (1,652 million) and our allies in France (9,601 million).

Fifty-two countries, led by Argentina with \$976 million, received between \$100 million and \$1 billion. Among the also-rans are Denmark (921 million), Egypt (579 million), Poland (579 million), and Slovakia (193 million) and, of course, the least greedy countries receiving under \$100 million

each), the Ivory Coast leads the pack with \$95.7 million.

I suppose we can only thank God for friends like East Germany (0.8 million) and Barbados (0.7 million).

The question is often asked: How much do foreign countries owe the United States on loans or credits extended since 1945?

Are you ready for this? On June 30, 1971, foreign countries owed the United States \$29,000 BILLIONS!

And that's not counting a few miscellaneous World War I debts -- \$29,000 billion.

Still, that probably will not stop Congress from funding another \$18 billion in previously authorized foreign aid projects for many of the same countries. The House of Representatives, I feel sure, will grapple with that question again before the end of the current session.

And each time we do, you can be sure that I will urge my colleagues to take a long and careful look at the friendly hands reaching for a piece of the pie.

Dear Editor,

As a lifelong resident of Bay St. Louis, Hancock County, I am appalled at the recent decision to use Watts Bayou as Bay St. Louis' raw-sewage discharge into the Jordan River. I can vividly recall my days of youth when the Jordan River water holes provided us with hours of healthy and enjoyable fishing and swimming time. Now, thanks to the unconscious and selfish attitudes of "responsible" local public officials, our immediate area is facing an ecological depression. Watts Bayou is already a mass of stagnant green scum, filled with bacteria, which will eventually eliminate all water life in the Jordan River and gradually pollute the "old waterholes."

It is an accepted fact that waste management is a serious problem to be reckoned with, but the opinion of most people in this area is that this dilemma was unjustly placed on the inhabitants surrounding the Bay St. Louis area instead of Bay St. Louis proper.

## Colling's Corner

By E.S. Colling

So your life is pretty much regulated by laws. How much confidence do you have in the men who makes those laws? Leaving aside the prime basic of honesty, would you say that these men are wise, judicious, level-headed enough to regulate your life sensibly.

You have recently had a good opportunity to observe a number of our top lawmakers in action in the senate committees' hearings on Watergate and the Kissinger appointment. Here were two groups of senators doing their stuff -- in the open, unrehearsed, and natural. First of all, about forty percent of them were old, mentally as well as physically. We also are getting along the road, and we realize that what we have gained in experience and judicial balance has been offset by the hardening of our viewpoints and the loss of our younger understandings. These

men in the senate are old; they no longer have the right to pass judgment on a younger generation. As Cardinal Newman said nearly a century ago, "Growth is the only evidence of life", and these old men are well beyond the limit of mental growth.

It is a good thing for the electorate to see and hear its representatives, not on the podium or addressing a political rally, but confronting younger and more mentally-agile men. The way some of these younger men parried the proings of the oldsters pointed up the fact that the old men had outlived their usefulness and should no longer have the power to govern younger men.

But, you say, these men are elected by their fellow citizens term after term, and must therefore have their confidence, regardless of their age. That is true, and were they governing only

those who elect them we would have no complaint. The trouble is that the senate passes laws and makes decisions which affect all of us, and we object to a handful of old men, nearing senility, being allowed to say what is good for the whole country.

Some of these greybeards are to be honored for the services they have rendered their country in their mentally-alert years, and we gratefully accord them these honors. The trouble is that having established a momentum, they can't break out of it, on the principle that what was good enough for grandpa is good enough for you. Maybe they are the ones who should be looking at the tapes of the senate committee hearings, to see themselves as others see them. Remember the story of the Picture of Dorian Grey?

All recipients of veterans pensions should get together all the paid receipts they have for unreimbursed medical expenses for the year 1973. This includes dental bills, dentures, glasses, doctor bills, hospital bills, premium on Health and Accident policies and the cost of Medicare on all persons living in the household and for whom you are responsible for their welfare.

All unreimbursed expenses in excess of five percent (.05) of the total income is considered unusual medical payments and may be applied to increase your pension for the year 1973.

I suggest that you compile all these receipts before you receive your yearly income-questionnaire-card. Estimates are acceptable sometimes but if the estimate is questioned by the VA, then the paid receipts must be shown to receive credit.

Help in filling out the yearly income questionnaires is available by contacting your Veterans Service Officer in the Court House.

The Veterans Administration will do all necessary dental work on a veteran, on a one time basis, only if he applies for this benefit within one year from the date of his discharge.

Dental care is not authorized, other than as explained above, at a VA hospital unless the dental work needed is SERVICE CONNECTED, or the dental condition is affecting a service connected disability.

All veterans who have been out of the military service one year or less should make an appointment to take advantage of this very significant benefit as soon as possible.

I have been asked whether the receipt of a 100 percent Non-service Connected disability from the Veterans Administration or Social Security disability payments entitled the recipient to both a hunting and fishing license free. It is the opinion of the Attorney General of the State of Mississippi that it does not. Quoted for your information is an extract from his answer on the subject.

"In answer to your first stated question, it is the opinion of this office that S.B. No. 1847, supra, applies only to the fishing licenses, and the reference to hunting and fishing licenses contained in subsection (1) thereof makes reference to the combination hunting and fishing license but does not have the effect of extending the exemption provisions from hunting licenses beyond those contained in S.B. No. 1851, supra."

## Bay St. Louis Police Report

Bay St. Louis police responded to 45 calls in the period between Sept. 13-19.

Two separate instances of theft have been reported by the manager of Shell Oil Co. at Booker and Necaise streets. Police are investigating the theft of two batteries and a fire extinguisher from a company truck.

Steven Stand of 218 N. Beach Blvd. reported the theft of a rod and Italian reel from his pickup truck in front of his home. The Sept. 15 incident is under investigation.

A stripped motorcycle was

found in a ditch on Old Spanish Trail and reported to police Saturday by Alfred Adolph, a nearby resident. Police retrieved the 1971 or '72 Penton-motorbike which had been stripped of the seat, front end assembly and front wheel. According to Chief William Carbonette, anyone having further information about the motorbike is asked to contact the police department.

## Student In 'The Pride'

The University of Southern Mississippi's marching band, known as the Pride of Mississippi, will perform at all home football games this year in addition to several out-of-town ones, the Mobile Senior Bowl, and a special event in Gulfport.

"The Pride," composed of over 200 students, is already hard at work on the practice field, under the direction of Kelly Love, and the overall supervision of Dr. Joe Mullins, Director of University Bands. When "The Pride" performs at the Senior Bowl, the unit will be nationally televised. The band claims the distinction of being the most televised group of its kind in the nation.

Walter F. Turcotte, son of Mr. and Mrs. Walter E. Turcotte Jr., 143 Waveland Ave., is a clarinet player with the band.

RSVP AWARDS were presented to Hancock County volunteer workers during a recent program held at RSVP headquarters in Valena C. Jones Center in Bay St. Louis. Above, RSVP Director Mrs. Fred Fisher pins a ribbon on volunteer worker Mrs. Eugenia Benoit.

## RSVP Presents Volunteer Awards

An Awards Party was hosted September 12 by the Retired Senior Volunteer Program at the Valena C. Jones Center in Bay St. Louis. The invocation was given by the Rev. Lawrence Collins, Pastor of First Missionary Baptist Church, Bay St. Louis. A film, titled "What You Do Speaks So Loud", was shown to the group of volunteers and RSVP staff members attending the affair.

Mrs. Fred Fisher, RSVP director, gave ribbons to those volunteers who had served three times since enrolling in the program. Receiving ribbons were: Mrs. Rosale Allen, Mrs. Eugenia Benoit, Mrs. Thelma Berry, Mrs. Gladys Blake, Mrs. Lula Carter, Mrs. Pauline Catore, Mrs. Gladys Chapman, Mrs. Lucy Mae Chapman, Mrs. Agnes Chevis, Mr. Ernest Colling, Mrs. Esther Cuevas, Mrs. Alice Dupiquier, Mrs. Pearl Duvernay, Mrs. Heprietta Edwards, Mrs. Ethel Evans and Mrs. Rita Beatrice Favre. Also cited were Mrs. Gerry Gex, Mrs. Jean Gleim, Mrs. Lilla Greenfield, Mrs. Aline Fisher, Mrs. Gertrude Jones, Mrs. Walter Keen, Mrs. Margaret Lavoie, Mrs. Ruth Loyocana, Mrs. Shirley Mattison, Mr. Sam Mitchell, Mrs. Allie Mae Scott, Mrs. Vivian Singleton, Mrs. Annie Sulzer, Mrs. Amanda Sylvester and Mrs. Sarah Williams.

Refreshments were served after the presentation of awards. The benediction was given by the Rev. Magr. John Scanlon of St. Clare Catholic Church, Waveland.

During the month of August 1, 1973, volunteer hours were recorded, Mrs. Fisher stated.

## To Address Humane Society

Ray Gordon, Waveland, was elected to the Board of Directors on the Bay Waveland Humane Society at the September 11 meeting at Ramada Inn, Waveland.

Reports were given by the various officers and Mrs. Marie Hoefeld, president, announced arrangements had been made for guest speakers, Mr. and Mrs. Sidney Rosenthal Jr., Metairie, La., field workers for the Fund for Animals, Inc., an international organization, to address the group at the October meeting.

Mrs. Hoefeld was presented the attendance prize, Mrs. Clifford Backlund was hostess for the social hour. The next meeting was scheduled for 7:30 p.m., October 9, at Ramada Inn.

All members and interested persons are invited to attend.

## Hospital's Problems Outlined At Meeting

Hancock General Hospital is not the only medical facility beset with operational problems, director Howard Valentine told more than 100 persons attending a Thursday night meeting with hospital officials.

The public meeting was called by the administrator in an effort to establish a productive interaction between area residents and the hospital, faced with the necessity of reduction in services and personnel.

In quoting statistics on the rising costs of hospitals nationwide, Valentine said that American Medical Assn. figures indicate that a hospital with less than 100 beds, such as HGH, cost an average of \$61.67 per patient per day to operate. Hancock General's revenue, he added, is \$61 per patient per day but operating cost has been running better than \$67 per day.

"However," Valentine stated, "the hospital's goal is to break even. We never try to make money. If there is ever an excess at the end of the year, it is always redirected back into upgrading the facility or for purchase of equipment."

Federal government regulations are further hampering hospitals nationwide, he continued, as it is now impossible to break even. Although the cost of supplies and equipment continues to rise, the federal government "has frozen hospital rate schedules so patient and service charges can't be increased to meet the mounting deficits."

Adding to the problem is the fact that county residents don't take advantage of the local hospital which keeps the patient census at a low figure. "A lot of people are not aware of the fine facilities that we have at Hancock General," Valentine pointed out. "We have many of the same services and equipment as the Gulfport hospital at lower fees but still so many from this county go to Gulfport." The administrator mentioned in particular the roster of consulting specialists available on immediate call to patients at HGH.

Turning to another area of misconception, he explained that the hospital is tax supported but "not county run." The approximately \$50,000 annual revenue from county millage is less than half of the hospital's total operating budget and actually only enables the institution to break even at best. The amount of annual write-offs (uncollectable debts) generally far exceeds what the hospital receives from county taxes.

In a later question and answer period, Mrs. Mona Santiago, for seven years assistant administrator of the hospital, said that when she came to the facility in 1966, \$350,000 was charged off in bad debts. For every one of the intervening seven years the yearly write-off has never been less than \$70,000.

In answer to a question concerning recent expenditures such as new equipment, physicians' trailer and "high salaries", board member Conrad Mauffray stated flatly that "most persons in this room wouldn't work the hours our staff works for the pay they get", and that, as board treasurer, if there are any "high salaries" he wasn't aware of them.

Mauffray also took the opportunity to dispel what he termed "current rumors" concerning use, or misuse, of the physicians' trailer behind the hospital. The rumors are absolutely not true, Mauffray said, as hospital officials have investigated the situation and found no evidence of any questionable activities.

Dr. John Levens, who with Dr. Sidney Chevis attended the meeting, told the gathering that the trailer had been purchased as a facility for doctors use as there was no available space in the hospital for such a room. Consulting and visiting physicians use the trailer as much as the resident doctors, he continued, for private consultation with families of seriously ill patients, for medical staff meetings and as much needed living quarters for the out-of-town doctors on weekend duty in the emergency room. All of the emergency room doctors are married, he noted, and having the trailer allows them to bring their wives and families along when they have to spend weekends at the hospital.

Levens drew laughter and spontaneous applause from the crowd with his answer to the question "If emergency room fees were raised wouldn't that relieve the ER problem by making people go to the doctor's office?"

It wouldn't, Levens retorted, "because then we wouldn't collect either way."

He also paid tribute to Dr. M. J. Wolfe, Sr., Bay St. Louis

physician emeritus who has come out of retirement from private practice to take an active part on the hospital medical staff to aid the two remaining physicians. The community should honor Dr. Wolfe, Levens stated; for his 40 years of continuous and dedicated service to this area.

Valentine urged those at the meeting to spread the facts of the hospital's situation throughout the community. He also appealed to all residents for assistance in inducing additional doctors to come to Hancock county to establish private practices, and to work with hospital officials in their efforts toward that end.

More of such meetings are planned for public hearing, Valentine continued and will be announced in the near future.

ROSEMARY

Of interest to may was the lingerie shower and tea honoring Miss Dorothy Dale Russell, bride-elect of Mr. Marvin Michael James of Baton Rouge, La. The event was held in the Diamondhead home of Mrs. Walter J. Gex Sept. 12. Co-hostessing were Mrs. William L. Temple and daughter Melba Messick.

The guest of honor was presented a fresh flower lei made of white glads and mums in keeping with the Hawaiian theme. The honoree's mother, Mrs. Dan Russell, was also presented a fresh flower lei as were all guests attending.

A tropical fruit centerpiece arrangement created by Mrs. Gex adorned the dining room table. The bride-elect chose an Hawaiian floral gown in hues of yellow, white and green for the occasion. Her mother chose a coral red floral gown.

A book of autographs signed by each guest was presented to the honoree as a remembrance of the occasion.

The wedding will be solemnized October 6 at Our Lady of the Gulf Church in Bay St. Louis. The couple is planning an Hawaiian honeymoon which was announced at the shower.

I had an interview with Mr. and Mrs. Norman Hall recently in their summer home in Diamondhead. Georgette Hall is a writer and former teacher known in the Bay-Waveland area for a

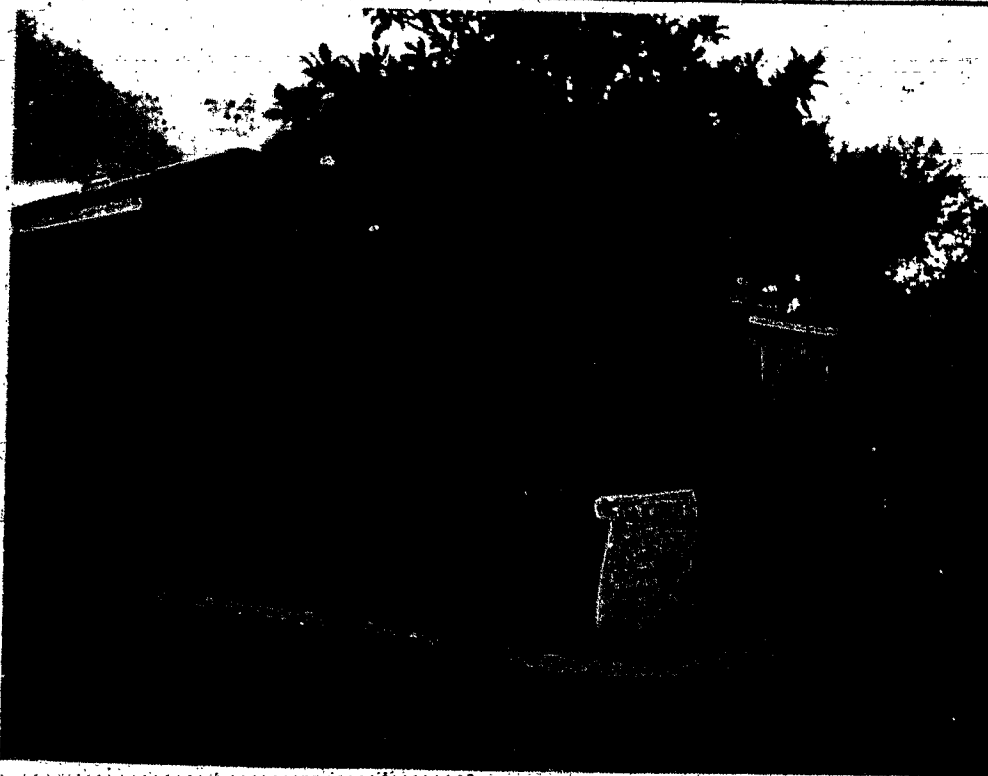

column she wrote for years in the Eagle entitled Waveland Wandering. Mrs. Hall is also author of the book "House on Rampart Street". The Halls recently returned from a two-week cruise to the Bahamas, and West Indies. Their daughter and son-in-law Mr. and Mrs. Ralph Wood Pringle, of Gautier accompanied them on the cruise.

Mrs. Hall was hostess at a recent gathering of former teacher-friends which included the Misses Julia and Regina Blaize, Bay High, brother John Blaize of Houston, Miss Alma Parker, Waveland, and Miss Juanita Erwin, Bay St. Louis. Mr. and Mrs. Hall are on the faculty of St. Bernard Parish Community College in Chalmette and they hope to make Diamondhead their retirement home.

Mr. and Mrs. M. Cook's weekend guests were son Steve from Southern Univ. in Hattiesburg, and daughter Cheryl of Miss. College in Clinton.

Mr. and Mrs. Vincent R. Almerico recently moved into Kona Villa with their two children Binnie 12, and Jina, 6. Mr. Almerico is associated with Tano Inc. New Orleans.

Mr. and Mrs. John Lewko entertained their son and daughter-in-law Mr. and Mrs. Wendall Lewko and grandchildren of New Orleans at the club Sunday.

GARDEN OF THE MONTH award went to the Bay St. Louis home of Mr. and Mrs. Reuben Gray at 1346 N. Beach, so designated by the Bay-Waveland Garden Club.

## First Coins Of Virgin Islands Offered At Hancock Bank

The first official coinage of the British Virgin Islands is being made available in an un-circulated specimen sets through Hancock Bank.

The coins, issued in honor of 200 years of constitutional government with representation in the islands, are now available for bank customers through the Silver Center located in the lobby of the Gulfport bank.

Drake birds common in the islands were selected as the theme for the six new monetary pieces. "Since this is the first time any government has authorized a complete set of silver coins for its official coinage, they are likely to become quite rare," commented Walter Hinkle, vice-president.

The Franklin Mint, the world's largest private mint located in Franklin Center, Pa., was chosen to mint the first official coinage of the British Virgin Islands.

The government of the British Virgin Islands commissioned Gilbert Roberts, dean of American medallic artists, to design the first coin of the realm. Roberts, former chief sculptor-engraver of the U.S. Mint, created the portrait of the late President John F. Kennedy for the U.S. half-dollar.

Roberts is chairman emeritus and chief sculptor of The Franklin Mint. He spent

many weeks in the islands, selecting and sketching the

## Rustling Returns

Attorney General A. F. Summer stated today that numerous incidents of cattle rustling and timber stealing have been reported to his office in the last few weeks. General Summer stated that with high prices for cattle, timber and farm products, such incidents would probably show a sharp increase with the coming longer winter nights.

General Summer went on to urge all farmers and landowners to take the following precautions against rustling and trespassing on their lands:

—Post land according to Section 2406 of the Mississippi Code which states that land must have posted signs displayed every 1/2 mile and at such entrance. Only if this is done can a trespasser be prosecuted. Posting of land will help prevent persons from scouting cattle, timber or crops for the purpose of illegal acts.

—Brand all cattle for easy identification. Ranchers should have a registered brand and use it.

—Patrol cattle, timber and crops as often as practical.

birds for the new coinage in their surroundings.

"The set of six coins are reputed to be the most beautiful coins in the world," said Mr. Hinkle. The new coins are minted in the same denominations as United States coinage—one cent, five cents, 25 cents and one dollar—and are pegged at par value with their American counterparts. The official portrait of Her Majesty, Queen Elizabeth II, appears on the obverse side of each coin. The Queen gave the final approval of the coin designs.

Persons interested in obtaining these sets are invited to visit the Silver Center at Hancock Bank.

## Feed Grain Program Announced

Pearl River - Hancock County ASCS Office has received details of the 1974 Feed Grain Program which is designed to encourage all-out production.

Program provisions are as follows:

1. Feed grains for 1974-77 will include corn, grain sorghums, and barley.

2. There will be no set-aside requirement for 1974 and no conserving base requirement for 1974-77.

A national feed grain allotment is set at 89 million acres. This allotment represents the estimated

number of acres needed to produce the estimated amount of feed grains that will be used domestically and for export during the 1974-75 marketing year. Feed grain allotments do not limit production. They are needed only to determine the acres for payment when payments are applicable.

4. Farm allotments instead of farm bases will be established for 1974 by factoring established 1974 preliminary farm bases to the county allotment acreage for factoring. The 1974 farm allotments will be about 68 percent of last year's bases.

Payments will be computed on the full allotment for 1974 rather than on 80 percent of the base as in 1973. Instructions for establishing farm corn, grain sorghum, and barley allotments will be issued later.

5. Target prices are established at per-bushel rates of \$1.38 for corn, \$1.31 for grain sorghum (2.34 per cwt.) and \$1.13 for barley. Payment rates will be the amount that the target price exceeds the larger of the loan rate or the five-month national average price. This amount will be multiplied by the established farm yield and by the farm allotment to determine the farm payment. Producers will receive no payment unless the five-month national average price is less than the target price, except as explained in paragraph 6.

6. Producers who, because of a natural disaster, are prevented from planting their feed grain allotment to feed grains or other nonconserving crops, or obtain a crop yield of less than two-thirds the ex-

pected production, may be considered by payment at a special rate to offset their crop loss. Details regarding this disaster payment will be announced later.

7. There will be no preliminary payment. Any payment due will be paid after March 1, 1975.

8. Total feed grain, wheat, and upland cotton payments to a person for all farms is limited to \$20,000.

9. Producers may substitute any nonconserving crop (excluding marketing quota and sugar crops) in order to preserve their feed grain allotment without loss of payment or may preserve it with a conserving crop used for hay or for grazing without loss of payment.

10. Commodity loans will be available on the farm's entire production on participating farms. National average loan rates will be \$1.10 per bushel for corn; \$1.05 per bushel (\$1.88 per cwt.) for grain sorghums; and 90 cents per bushel for barley.

The per bushel average loan rates are established at 64 cents for oats, 89 cents for 40s, and \$2.25 for soybeans.

EGGS. The best Good Morning you can give your kids.

There aren't many mothers around who aren't interested in giving their youngsters a breakfast that will keep them active and alert until lunchtime. Especially since it's back-to-school time again. And eggs make a great back-to-school breakfast. They're a perfect source of protein and they contain loads of other essential vitamins and nutrients that help kids kick that mid-morning lag.

Eggs can also help mothers get accustomed to the new school schedule...rushed and hectic. They're so quick and easy to prepare. And with recipes like Fluffy Eggs 'N Bacon you can serve eggs every morning without turning breakfast into the "same old thing."

EGGS. The best Good Morning you can give your kids.

FLUFFY EGGS 'N BACON  
6 eggs, separated  
1 cup grated cheese  
Dash of salt  
12 strips cooked bacon  
6 slices toast

Add salt to egg whites and beat until stiff enough to form peaks. Place 2 strips of cooked bacon on each piece of toast. Heap egg whites on top of bacon and toast. Make a hollow in center and slip in egg yolk. Season and sprinkle cheese over eggs. Bake at 350°F for 15 minutes or until white is lightly browned. Serves 6.

RING POWER — Happy St. Stanislaus seniors admire their class rings following a recent ceremony at the school. A ring dance honoring the 74 seniors was held in the Student Union following Saturday's SSC-Long Beach football game.

## 1974 Chevrolet A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

**Caprice Classic.** Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydramatic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

**Vega GT.** This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

**Camaro.** The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering, and comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

**Malibu Classic.** A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting.

That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

MR. AND MRS. GREGORY SHAW

(Photo by Bob Hubbard)

## Dorothy Ladner Weds Gregory Shaw

Miss Suzette Marie Ladner, daughter of Mrs. Dorothy Ladner, Catahoula, and the late Cortez Ladner, became the bride of Gregory Shaw, son of Mr. and Mrs. Carl Shaw, Necaise Crossing, Saturday, September 8, at a candlelight ceremony in Crane Creek Baptist Church. The Rev. Ricky Moore, pastor, performed the double ring ceremony.

The bride, given in marriage by her brother, Ronald Ladner of Catahoula Community, wore a traditional gown of satin faced peau fashioned with a high neckline and sheer, full Bishop sleeves. Vertical rows of Chantilly lace outlined with pleated ruffles formed a V-shaped bib effect on the lifted bodice. Double rows of repeated lace drifted down the side of a circular skirt that swept to a chapel length train. Her finger-tip veil of illusion felt from an arrangement of lace petals re-embroidered with seed pearls. She carried a cascade bouquet of mixed flowers.

Mrs. Velma Ladner was her sister's matron of honor. Bridesmaids were Mrs.

Marlene Cuevas, Necaise Crossing, Miss Linda Wall, Metairie, La., and Miss Sharon Ladner Dedeaux Community. Miss Paula Cuevas served as flower girl and Bernie Ladner was ringbearer.

Eddie Ladner of Dedeaux attended the bridegroom as best man. Groomsmen were Terry Shaw, Cortez Ladner and Ray Cuevas.

Following the ceremony a reception was held at the home of the groom's parents. The couple will make their home in Necaise Crossing Community.

### THIRD BIRTHDAY

Cherie LeBlanc celebrated her third birthday September 9 with a party at the home of her parents Mr. and Mrs. William LeBlanc.

Enjoying the occasion with her were her brothers Billy, Ronnie and Shane, Shannon and Shelley Starita, Juana Loup, Breezy LeTeller, Pat, Gary and Laura Starita, Mrs. L. E. Starita, Mr. and Mrs. Bennie Starita, Mrs. R. C. Loup, Mr. and Mrs. Skippy Starita and Tina and Donna Lott.

## FOR WOMEN

### Vogt-Whitfield Nuptials

The marriage of Mrs. Joyce Vogt of New Orleans, nee Miss Joyce Gilbert, daughter of Julius Gilbert of Biloxi and the late Mrs. Gilbert, to William Benjamin Whitfield, son of Mr. and Mrs. Sam Whitfield of Bay St. Louis, was celebrated Saturday, September 1, at the Main Street United Methodist Church in the presence of the immediate families.

The Rev. Bernard Walton, pastor, officiated at the afternoon ceremony.

Miss Patricia Salvador, New Orleans, was the bride's only attendant. Mr. Whitfield was his son's best man.

Immediately following the ceremony a reception was held at the home of the groom's parents.

Upon their return from a Caribbean cruise the couple will make their home in New Orleans.

TO WED — Mr. and Mrs. Alden Garcia of Bay St. Louis announce the wedding of their daughter, Sandra Ann, to Thomas Parker, son of Mr. and Mrs. Alvin Parker, on September 23, 1 p.m. at First Baptist Church of Lakeshore. A reception will follow at the home of the bride's parents on Lower Bay Rd. Family and friends are invited through this medium.

### INFANT BAPTIZED

Heather Inez, infant daughter of Mr. and Mrs. Robert McMahon Jr. of Kenner, La., was baptized Sunday, September 16, at Our Lady of the Gulf Catholic Church, with Father Gallagher officiating.

Standing as godmother was Mrs. Ted Pottle, a paternal aunt, and godfather was Mr. Donald Monti Favre, maternal uncle.

Out-of-town guests included the paternal grandparents, Mr. and Mrs. Robert McMahon Sr., and daughters Barbara and Jane, and Mrs. Ted Pottle. After the baptism, the guests visited with the maternal grandmother, Mrs. Lydia Monti Favre of Bay St. Louis.

### Dorris, Whittington Engagement

M-Sgt. and Mrs. Billy F. Dorris, United States Air Force Retired of Long Beach, announce the engagement of their daughter, Joyce Margaret, to Darryll Wayne Whittington, son of Mr. and Mrs. I.J. Whittington, Jr. of Big Point, Mississippi.

The bride-elect is the granddaughter of Mr. and Mrs. O. F. Darris of Glencoe, Alabama, and Mrs. J.H. Buffalo of Long Beach and the late Mr. Buffalo.

Mr. Whittington is the grandson of Mr. and Mrs. I.J. Whittington, Sr. of Escatapa, and Mrs. S. O. Tanner of Lapedale and the late Mr. Tanner.

Miss Dorris is a 1969 graduate of Long Beach High and received her Bachelor of Arts degree from the University of Southern Mississippi in May, 1973.

Mr. Whittington is a 1964 graduate of Moss Point High and graduated from Perkinson Junior College in 1967. He served four years in the U.S. Navy and received his Bachelor of Science degree from the University of Southern Mississippi in May, 1973.

The wedding will be solemnized at 2 o'clock on November 3 at Sharon Baptist Church in Long Beach.

## Echoes

Mr. and Mrs. Joseph (Doc) Rhodes of Jackson were weekend guests of their parents Mr. and Mrs. Nellus Rhodes and Mr. and Mrs. H. G. Dean.

Misses Joy Monti, Anna Margaret Boudreaux, Julie Eschett and Charlene Coco of Metairie, La., were weekend guests of Miss Monti's mother and aunt, Mrs. Leonie Monti and Miss Rosemary Blaize.

MISS CAROLYN SNOW

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Edward Cortlandt Snow of Pearlinton, Mississippi, announce the engagement of their daughter, Carolyn Elizabeth, to Mr. Jack Winthrop Sawyer, Jr., son of Mrs. Joyce Johnston Sawyer of Fairhope, Alabama, and Jack Winthrop Sawyer of Mobile. The wedding will take place February 23, 1974 at the First Presbyterian Church, Tuscaloosa, Alabama.

A trip to Mobile highlighted a 75th birthday observance for Mrs. Edna Dobbins last week. Hostessing the trip, which included a luncheon at a Mobile spot and points of interest along the way, were Mrs. Charles Kimbrough, of Biloxi, and Mrs. Dobbins daughter, Mrs. Edna George.

Get well wishes to Mrs. Betty White, Mrs. Mary Smith, Mrs. Tom Thigpen, Mr. Bill White.

Happy birthday to Christy Davis, Gary Joe Wyman, Dana Mosley, Gene McGulre, Connie Cox, Tomas and Terry

## JC Wives To Aid Youth Center

The Bay St. Louis Jaycee Wives held a business meeting September 11 at the home of Mrs. James Chinihe.

It was announced that a magazine subscription was purchased for juveniles detained in the Hancock County Youth Detention Center, as a wives' club project.

A special savings account has been opened by the group to purchase equipment for the new Youth Center. The account was established to aid Bay St. Louis Jaycees who have initiated a building fund to replace the old Center.

In other business, Jaycee wives will sponsor a First Aid Course open to the general public, conducted by Edward Friloux, Tuesday, October 2, at 8:15 p.m. at the Jaycee Home, Beach Blvd. Co-Chairwomen of the event are Mrs. James Lagasse, III and Mrs. Jerry Seuzeneau.

During the month of October, the group will show safety films, provided by the Mississippi Department of Health, to elementary school students in the Bay-Waveland area in an effort to promote safe bicycle riding among the children. The program will be

## Club Calendar

Mrs. Maurice George has announced the Waveland United Methodist Church will organize a youth choir. "Anyone, ages from 10 years, interested in joining can contact Mrs. George at 467-7156. Practice will be every Saturday from 1:30 to 2:30 p.m.

Sodality of Our Lady of St. Clare's Parish, Waveland, will hold a Tupperware party at 2 o'clock this afternoon in Costello Hall.

Christ Episcopal Day School P.T.A. will hold its first meeting of the year at 7:30 p.m. Wednesday, September 26, in the brick elementary building.

Election and installation of officers for the 1973-74 term will be held. The Kindergarten class will present a program. Following the business session open house will be held and teachers will meet parents in the classrooms. All parents are invited to attend.

All parents are invited to attend.

A meeting will be held at 6 p.m. today in Our Lady of the Gulf Church for all boys in the fourth grade and older who want to serve as altar boys. Father Daniel Gallagher, associate pastor, announced.

Sister Bernadette, S.T., guest speaker at Our Lady of the Gulf Parent-Teachers meeting at 8 o'clock tonight in the school cafeteria, will discuss the new program from Catholic Social Services being offered to schools, parents and children. Rev. John Noone from Social Services will also address the group. All parents are urged to attend.

## Miss Keating To Wed Jay Fountain

Mrs. Ralph Dennis of Chalmette, La. has announced the engagement and approaching wedding of her daughter, Diane Clair Keating, to Jay Joseph Fountain, son of Mr. and Mrs. L. J. Fountain of Bay St. Louis.

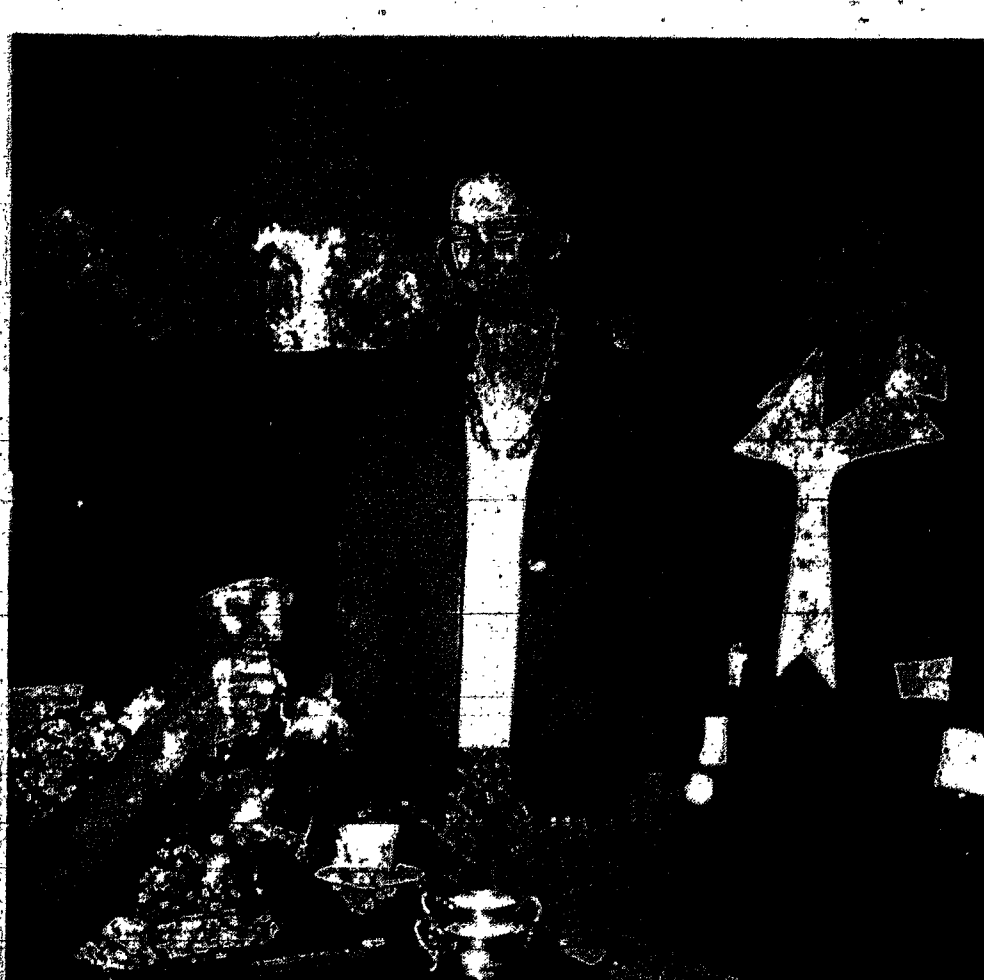

The bride-elect is the daughter of the late Fritz Keating. She attended Andrew Jackson High School in Chalmette. Mr. Fountain is a 1972 graduate of Bay Senior High School and attended Jefferson Davis Junior College in Gulfport.

The wedding is planned for October 6, 1:30 o'clock at St. Clare Catholic Church in Waveland. Family and friends are invited to the ceremony through this medium.

## Births

Mr. and Mrs. James Lee Austin Jr. announce the birth of their first child, Heather Marie, September 11, at Gulfport Memorial Hospital. She weighed five pounds, one-half ounce.

Mrs. Austin is the former Marie Lynette LaFontaine, daughter of Mr. and Mrs. Clifton Owen LaFontaine of Waveland. Paternal grandparents are Mr. and Mrs. Austin Sr. of Bay St. Louis.

CLOTHES CLOSET TEA is not, as the name would suggest, a tea held in a closet! Rather it was the Bay-Waveland Junior Auxiliary's way of combining business and pleasure Sept. 11, when members and friends gathered at Webb Center for the annual event of several years standing. Bundles of clothing are collected for distribution by the Auxiliary to needy children and families throughout the area, as one of the chapter's projects for serving the community. Above, Mrs. Thomas Kidd pours for Mmes. Henry Maggio and M. L. Dodson.

## The challenge and the reward of Industrial Electronics: Can you cut it?

If you can honestly answer YES to these four questions, we can start you on a high-paying electronics career.

- Would you stick to the hard work involved in a year and a half of intensive electronics training, provided that there's a career waiting for you at the end of it?
- Do you enjoy tackling a tough problem—maybe after other people have walked away from it?
- Is it important to you that work be interesting as well as high paying?
- Are you willing to go where the action is: New Orleans, Baton Rouge, Dallas, Houston, Atlanta? or even farther? Right now, while you're reading this, good electronics jobs are open and waiting. There's a continuing need for men with the training and the gumption to handle them.

**INDUSTRY'S NEWEST OPPORTUNITIES**  
We're talking about the instrumentation technician who has co-responsibility with the electrical engineer for the operation of an automated refinery. The industrial electronics technician who can trouble-shoot an automated quality control system in a food plant—and fix it.  
We mean the man who implements the plan; supervises the electricians; does the electronic equipment buying. The man who travels to conferences and conventions to represent his company. We're talking about managerial material.

**THE PROBLEM OF SELF-DOUBT AND HOW TO LICK IT.**  
It sounds a little rich for your blood? You might be surprised at what you can do, given the self-confidence

that comes from thorough, intensive training. You'll know you can do it, because you've done it. At Phillips. On the same ultra-modern types of equipment.  
On most jobs, you start as assistant to the man in charge; a trained, experienced man who knows that you need to "get your feet wet." Then, as your Phillips training enables you to "take hold," you'll find yourself handling more responsibility—and getting more money. It's a good feeling.  
An executive of one of the nation's largest industries—a company you know—has told us that they honestly do not know where they are going to find the men to handle the instrumentation and control positions they must fill next year. Somebody's got to do it. Why not you?

If you think you can, call our Admissions Representative. Make an appointment to visit Phillips College. Meet our instructors. Let them show you the equipment you'll be working and learning on.

**ARE FINANCES A PROBLEM?**  
If they are, tell us. We've got plans that will see you completely through your program, including Federal-insured student loans. Interest is only 7%, and it's interest-free until after you finish. You need pay nothing back until 12 months after you finish; you'll be working on your new job.  
Don't let anything stand in your way. If you think you can do it, act now. Class size is limited.

Call 863-2803 and ask for our Admissions Representative. Out of town, call collect: AC 601

# Car Dealers Display 1974 Models

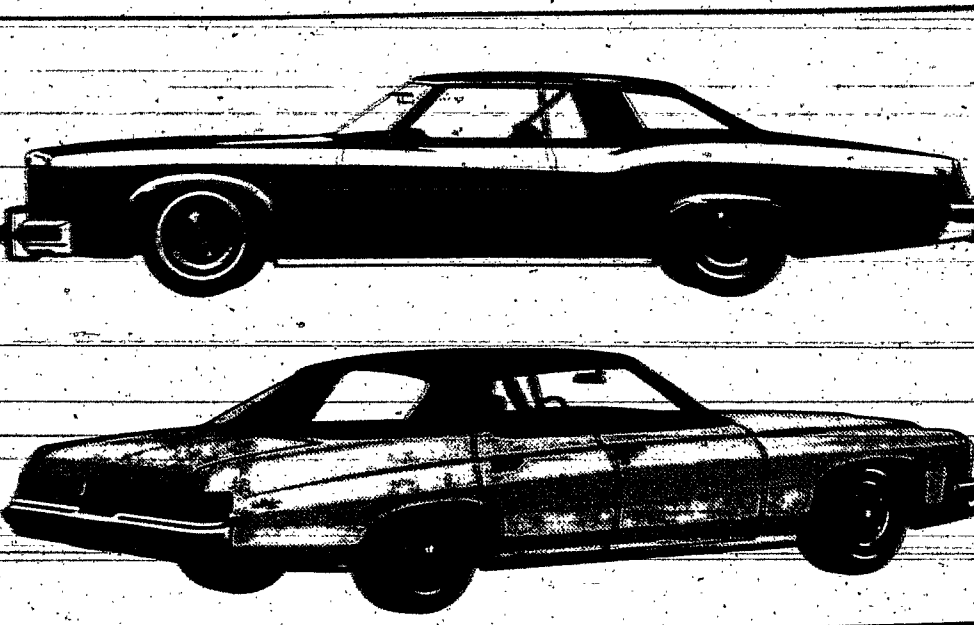

**TOP-OF-THE-LINE CHEVROLET** Caprice Classic coupe offers a new column-type roof design with a styled center pillar extending into the roof panel. Turan-Lane Chevrolet of Bay St. Louis is now having an Open House showing of 1974 Chevrolets. In 1974 the Caprice Classic line offers five basic models: a coupe, convertible, sport sedan, four-door sedan and both two and three seat wagons. Other Caprice stylings include inward parking lights, fender side-marker lights, bright grille with vertical highlights and new standard wheel covers.

**1974 MUSTANG II** is a second generation edition of one of the world's most famous automobiles. 1974 Fords go on display tomorrow at Charlie Henderson Ford, Inc., Bay St. Louis. The Mustang II is 19 inches shorter than the 1973 Mustang and seven inches shorter than the original Mustang introduced in April 1964. Mustang II is available in two body styles and four models, the most luxurious of which is the Ghia two-door, four-seat "notchback" sedan. The Ghia model includes as standard equipment a vinyl roof, steel-belted radial-ply white sidewall tires, remote-control color-keyed mirrors, color-keyed bodyside molding, and deluxe wheel covers.

**NEW DELTA DE MOYALE**—Oldsmobile's Delta 88 Royale and Delta 88 hard-top Coupes received extensive exterior changes for 1974. Hills Oldsmobile, Inc., of Bay St. Louis are now showing the complete line of 1974 Oldsmobiles. In addition to front and rear appearance changes on the Delta 88 Royale, the uppers have been redesigned to accommodate more glass area for improved visibility. New grilles, bumpers, headlights and modified hood and deck lids give all Delta models a fresh look.

**THE ALL-NEW 1974 PONTIAC** Catalina Hardtop Coupe, (top) and the Buick LaSabre Luxus Hardtop Sedan are now on display with other Pontiacs and Buicks at Schaffert Pontiac, Buick and GMC, Inc., Bay St. Louis. For years, Pontiac's trademark has been a prominent, divided front grille. The 1974 version is a restrained design reminiscent of European styling. Inside, a new option offers brake and accelerator pedals that adjust over a 4-inch span.

## BWYC Backwash

by Ann Stieffel 467-6300

**HEAUSLER WINS AGAIN**  
The Bilge Yacht Club race course was a colorful sight last week-end as 42 Sunfish sailed the three-race series. It was the largest attendance thus far at the Annual Gulf Yachting Association Sunfish Regatta in Bilge.

Two Pensacola Yacht Club skippers got a head start the first day as Tom Whitehurst finished first in both of the three-round races in the Junior Division and his brother, Bob Whitehurst, won both Senior races. Buzzy Heausler of Bay-Wave and started strong also with two seconds the first day.

William Weatherly of Gulfport Yacht Club won the final Junior race Sunday morning in flaky air. Tom Whitehurst was left behind as Heausler put more boats than necessary between them, finishing fifth in the race for an overall first in the Regatta.

Final standings in the Junior Division:  
1 Buzzy Heausler 53 points  
2 Tom Whitehurst 50 1/2  
3 William Weatherly 47 1/2  
4 Dennis Stieffel BWYC 37  
5 Leslie Weatherly 36  
6 Elizabeth Chapman BWYC 41

Bob Whitehurst made a clean sweep in the Senior Division by winning the last race Sunday.

Final Standings:  
1 Bob Whitehurst 66 1/2 points  
2 Marc Eagan BWYC 60  
3 Phillip Garland 57  
4 Don Brennan 53

The Lipton Victory Party drew a tremendous crowd to the Yacht Club Saturday

evening. The newly carpeted lounge was fully decked out with signal flags, all the GFA burgees, large posters of the Lipton team and headline banners shouting the triumph. Entertainment was furnished by the Bay Four and After Barbershop Quartet and Auctioneer Bill Heausler.

Hosts for this memorable Bill the Bilge were Mr. and Mrs. Basil Kennedy, Mr. and Mrs. Woody Santa Cruz, Mr. and Mrs. Don Chamberlain, Jr., Mr. and Mrs. Walt Chamberlain, Mr. and Mrs. Tom Dunlap.

Shiffed Lobster is on the menu for Friday, September 21. Reservations must be

made in advance. September 29 and 30 will be the big Bay-Wave and Extra-Club Sunfish Regatta. All Sunfish owners and their families are invited to participate in this action-packed event. Registration will be one dollar per person with a maximum of four dollars per family. Skippers will be divided into seven classes. Beginning promptly at 11 a.m. Saturday will be the Juniors, A's, Teens and Ladies. Time permitting there will be three races in each class. Sunday at 11 a.m. the Seniors will race, followed by the Heavyweights and the Beginners. Winners in each class will compete in the final

Championship Series to be sailed immediately after all race results are tallied. Skippers must provide boats for each class entered. Harry Chapman, race committee chairman for the Regatta, has announced that the 720 rule will be in effect. Coast Guard approved life jackets must be on board; ski belts must be worn but will not count as life jackets. Trophies will be presented at the annual Awards Banquet in October. September 22 and 23 will be the final week-end of record racing for the Junior and A-Class.

Saturday, September 29 is the night of the special Red Beans and Rice Dinner, Mrs. Margaret Fleming, hostess.

## Penn. Park Monument Honors Miss. Heroes

Mississippi's memorial honoring the state's Confederate heroes who fought in the Battle of Gettysburg in 1863 will be dedicated in ceremonies at the Gettysburg National Military Park in Pennsylvania on Oct. 19, the state's Memorial Commission members announced this week.

Scheduled to deliver the principal address at the ceremonies will be Mississippi's senior senator, James O. Eastland. Also expected to be on hand will be Sen. John C. Stennis and Gov. William Waller, along with the entire Mississippi congressional delegation. The United States Army Band, under the direction of Col. Samuel Loboda, will present a concert prior to the 10 a.m. ceremonies. During the concert a featured soloist will sing three southern battle songs.

The monument, authorized by the State Legislature, is a 16-foot high bronze mounted on a marble base and is the work of Donald DeLue, internationally-acclaimed sculptor from Leonardo, N.J.

Designed to capture and portray the spirit of valor, courage and heroism of the Mississippi soldiers who fought at Gettysburg during the War Between the States, the sculpture consists of two Confederate soldiers, one lying dead at the feet of his comrade, who, in fierce determination to continue the struggle despite adverse conditions, is grasping the barrel of his empty rifle, ready to continue the fight with the butt of his gun.

At the base of the statue is inscribed the following tribute: "On this ground our brave sires fought for the Righteous Cause; In glory they sleep who gave to it their lives; To valor, they gave new dimensions of courage; To duty, its noblest fulfillment; To posterity, the sacred heritage of honor."

The sculptor, Donald DeLue, also created the Louisiana Memorial at Gettysburg and has executed a number of other outstanding works. Included are the "Rocket Thrower," at 45 feet one of the largest bronze statues ever made, for the 1964-65 World's Fair in New York; the Boy Scout Memorial Tribute in the President's Park, Washington, D.C.; the "Spirit of American Youth" at Normandy, France; George Washington kneeling in prayer at Valley Forge; the George Washington portrait statue in New Orleans; the 27-foot high "Quest Eternal" in the Prudential Center at Boston, Mass.; "Green Beret" at Fort Bragg, N.C.; and the Confederate Army and Navy Memorial at Gettysburg.

DeLue also designed the DAR Bicentennial Medal, the Robert E. Lee Hall of Fame medal for New York University, and the National Medal of Science given by the President.

He is active in a number of professional organizations and is past president and fellow of the National Sculpture Society. Memberships include the National Institute of Arts and Letters and the Royal Society of Arts, London. DeLue has received top awards from leading architectural and artist associations and societies and has been commended by national civic organizations for his work.

Members of the Mississippi Gettysburg Memorial Commission, who secured the services of DeLue, are Dr. M. Ney Williams, Jackson, chairman; Gray Evans, Greenwood, secretary; Donald F. Garrett, Jackson; Ed C. Sturdivant, Jackson; Mrs. Champ Terney, Indianola; Tom White Crigler, Macon; Dr. Byrle A. Kynerd, Raymond; Representative Clarence Pierce, Vaiden; Representative Stone Barefield, Hattiesburg; the late Judge Tom Brady of Brookhaven and the late A. P.

Andrews of Jackson. Along with state officials, a number of private citizens are also expected to attend the

dedication ceremonies, and a chartered bus will travel from Jackson to Gettysburg for the event.

Approximately 20 spaces are still available on the chartered tour, which will take five days, Oct. 17-Oct. 21.

For additional information concerning the bus tour, interested persons should call Mrs. A. P. Andrews in Jackson, telephone 354-6301 day or 355-4796 night.

## Bay Tigers Defeat PC Pirates

By Edward Favre  
Friday night on a muddy field, the Bay High Tigers defensive unit proved to be too much for the Pass Christian Pirates, holding them scoreless while they put 20 points on the scoreboard.

The first half of play was strictly a defensive battle between both teams. The deepest penetration by the Tigers was to the Pirates' 19-yard line, but they were pushed back by a 15-yard

penalty. The Pirates managed to move the ball as far as the Tigers 21-yard line but the Tiger defense held.

Bay High got their first score of the game with 7:17 to go in the third quarter on a five-yard run by David Grace. The extra point attempt by Sam Piazza was no good, making the score 6-0.

With 1:44 to go in the third quarter, the Tigers got their second score of the game when Sam Piazza intercepted

a Curt McDonald pass and returned it 25 yards for the score. A two-point conversion attempt failed making the score 12-0 at the end of the third quarter.

The final score of the game came with 3:58 remaining in the game when Gilbert Whavers took a pitchout from quarterback Mike Magee at the two yard line and crossed the goal line. On a two point conversion Whavers carried the ball in, making the final score 20-0.

Now sporting a 2-0 record the Bay High Tigers will enjoy an open date this weekend. The Tigers next game is September 28 when they travel to Hancock North Central.

## East Central Downs Hancock North Central

By Edward Favre  
The Hancock North Central Hawks suffered their second loss of the early 1973 football season Friday night at Hawk Field when the East Central Hornets of Jackson County

won by the score of 22-6. The Hornets put the first points on the board in the second quarter when quarterback Kenneth Long scored on a ten yard keeper. The two point conversion by Long was good making the score 8-0.

East Central got another score in the second period when back Greg Simmons scored on a ten-yard power play. The conversion attempt was no good.

The first half ended with the Hawks moving the ball, but time ran out with the ball on the Hornets' ten yard line. Greg Simmons got his second TD of the game in the third quarter on another ten-yard run. Simmons made good on the two point conversion try making the score 22-0.

## Blue Jeans To Join Coast Council

Blue Jeans Garden Club met Monday afternoon in the home of Mrs. J. C. Goodloe with Mrs. K. S. Rheams as co-hostess.

Mrs. Joseph Servat, president, conducted the business session. Entries were judged and awards went to Mrs. Goodloe in the horticulture, potted, miniature and wild divisions and Mrs. C. F. Schwartz Jr., cultivated. Mrs. Goodloe and Mrs. W. R. Schaefer tied in the miniature division. The door prize went to Mrs. Rheams.

Mrs. Servat discussed birds in the area and their identities. It was announced the Club will become a member of the Gulf Coast Area Council of Garden Clubs.

The next meeting was scheduled for 1:30 p.m., October 15 at Gulf National Bank's civic room with Mrs. Schwartz as hostess and Mrs. Schaefer, co-hostess.

END SWEEP -- St. Stanislaus quarterback Dewey Hoda (11) makes an end sweep with interference given by Bill Logan (86) against Pearl River at S.S.C. Stadium Saturday night. St. Stanislaus was the victor by a score of 25-0.

## Rock-A-Chaws Score 25-0 Over Rebels

By EDWARD FAVRE  
The St. Stanislaus Rock-A-Chaws defeated the Pearl River, Louisiana Rebels Saturday night 25-0. This was the second win of the season for the Rocks. The game was originally scheduled to be played Friday night in Pearl River, but due to poor field conditions the game was rescheduled for Saturday night at Rock-A-Chaw Stadium.

The first quarter was a defensive battle, with both teams feeling each other out. With 5:51 to go in the second quarter, Mike Russell took a hand-off from quarterback Dewey Hoda from four yards out and went in for the score. The extra point attempt from placement by Mike Price was no good. The first half ended with the Rocks holding a 6-0 lead over the Pearl River Rebels.

The Rocks put another score on the board with 1:53 left in the third quarter. The score came on a pass from Hoda to Wade Dugue for 27 yds. The extra point attempt by Price was good making the score 13-0 at the end of the third quarter.

In the fourth quarter, on an option play, quarterback David Wier handed off to Dewey Hoda who threw a pass to Johnny Knight for 12 yards and a TD making the score 19-0 in favor of the Rocks. The final score of the game came with 4:10 left in the game when John Ludlow

plunged over from the one yard line. The two point conversion attempt was no good, making the final score 25-0.

Pearl River was never able to put a scoring threat together.

Stanislaus, with a 2-0 season record, will travel to Lyman this Friday to take on the Harrison Central Red Rebels.

## Stanislaus Scores First Game Win

By EDWARD FAVRE  
The Rock-A-Chaws of St. Stanislaus were victorious in their first game of the 1973 football season when they defeated the Hancock North Central Hawks 22-7 at North Central Field.

The first Rock-A-Chaw score was by Dewey Hoda on a seven yard keeper in the first quarter. Mike Price kicked the extra point to make the score 7-0.

In the second quarter Price kicked a 33-yard field goal to give the Rocks a 10-0 halftime lead.

Behind the running and passing of David Wier, John Ludlow and Mike Russell in the third quarter the Rocks moved the ball to the Hawks five yard line. Bill Logan took the ball from there and added another six points on the

scoreboard for the Rocks making the score 16-0. The extra point attempt failed.

A one-yard dive by fullback Monty Elchos in the fourth quarter accounted for the final Stanislaus score making the score 22-0. The extra point attempt failed.

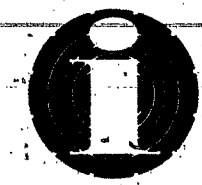

In the final minutes of the game the Hawks put their only points on the board when Don Lee went over the goal line from one yard out. The extra point attempt was good making the final score 22-7.

The Rocks defense held the Hawks for very little rushing and passing yardage.

## PROCLAMATION

Saturday, September 29 has been declared Punt, Pass and Kick Day by Mayor Warren Carver of Bay St. Louis. More than 100 youngsters, ages eight through thirteen, are expected to match punting, passing and place-kicking skills in local competition on that day, Mayor Carver noted. The Bay St. Louis Punt, Pass and Kick program is sponsored by the local Jaycee Organization and Charlie Henderson Ford, Inc. and is open to youngsters throughout Hancock County.

In his proclamation, Mayor Carver pointed out that Punt, Pass and Kick "offers youngsters an opportunity to compete in a national program which underlines the importance of physical conditioning basic to other forms of excellence."

Punt, Pass and Kick is in its 13th year under the sponsorship of the National Football League and the Ford Dealers of America. Participation this year is expected to top 1,200,000.

Participants in the program compete only against others of the same age. No special equipment is needed and participation does not impair a youngster's amateur standing. There is no body contact and any youngster, eight through thirteen years of age, is eligible to register at a participating Ford Dealer. No entrance fee is required.

Punt, Pass and Kick receives the enthusiastic support of athletic coaches throughout the United States. George Allen, head coach of the Washington Redskins for example, has described the program as "the finest youth activity of its kind in the world."

## KANTCHA KETCHUM

By L.S. (Doc) Elliott

We all gripe about the weather. But the past weekend a gripe was due as far as fishing went. Friday was a perfect day with everything O.K. for fishing. Fish were caught, too. Then came the rain Friday night, in fact a deluge. The water changed overnight from good to bad. Out went fresh water fishing. Of course the tide wasn't too hot either. Never fell properly over the weekend.

Those going salt water fishing reported that fishing was on the off side. However, Ernest Demoran and Son, Micky caught some beautiful speckles and red fish out in the marsh the week before.

On good advice Bull Croakers have not made their appearance at the croaker hole as yet. A little early we think. The world series is still a little time away. However, according to Tut Monti and others large size croakers are being caught most everywhere.

Not too late for floundering. Some were caught over the weekend. The tide must be coming for best results. Hard crabs are still being caught. There was a crab jubilee last week, if you know what I mean, crabs came in by the thousands for a short time, then they were gone. Only those out in the water during the night witnessed it. The last crab jubilee at Bayou Caddy was several years ago.

The Teal Duck season opened on Sept. 15 and ends Sept. 23. Haven't heard of any good kills yet. This is a forerunner to the duck and geese seasons which open in December. Have noted both ducks and geese flying over. Should be a good year for the prized birds. If you intend to do any duck hunting, don't forget that federal duck stamp. There are plenty local duck hunters whose temperatures are rising and their fingers are getting trigger happy already.

On Sept. 22nd the dove season opens in this neck of the woods. Will have more on dove hunting next week.

Marion Gooden of Cedar Point was displaying proudly the silver tray she won last week in her flight of the Gulf Coast Women's Tournament. Marion is an ardent golfer. We think it is her favorite sport. The trophy was for the highest number of putts.

We have heard of many things but what tops them all was the stingray cook-out held last week by James Ruhr, Gerald Kennedy, Norman Penrose, Horace Ruhr and their wives. Only the flaps of the stingray are eaten and they are delicious when accompanied by beverages the group said. The supper was held at James Ruhr's home. What won't fishermen do?

J. V. Poujade gave me a few maps on the layout from Bayou Caddy to the Rigolets. They come in mighty handy. Thanks, fellow. The map was drawn by the late Ernest Micro. He was with the Public Belt Railroad of New Orleans.

Do you know what makes the Miss. Gulf Coast such a wonderful place on which to live? There is about a 30-mile sand beach for swimming, snelling, fishing, floundering, soft shell crabbing, hard crabbing, hunting, etc. These sports can be done almost the year round. Seafood can be

purchased most any old time or caught with a little effort. Golfing, tennis and other sports are available for the asking. What tops this is that the people are friendly, sociable and likeable and mix their work with pleasure.

Had a flying visit with Mr. and Mrs. M. F. Cass from Hattiesburg last week. M. F. will be down next week to do some fishing.

Toby Necaise hasn't been doing much fishing lately. Cause: a little rheumatic trouble in his arm. Throws the cast net occasionally to get some mullets. Still doing some knitting for his friends on cast nets, crab nets, etc.

David Carpenter enjoys his fishing. Any old kind he says.

Mr. and Mrs. Luke Elliott and Dr. and Mrs. Luke, Jr. plus Clint their son, spent the weekend with us. Had as their guest John Libscomb. The men went fishing. Caught a few fish under bad conditions. Yours Truly and Ray Garner were with them.

Am sorry to report the death of Theodore Tudy over the weekend. He was 81 years old. Theo has always enjoyed fishing. Playing pool was one of his hobbies. Sympathy is extended to the family.

Have had several requests as to when a fishing license is needed and where. When fishing in the Bay of St. Louis off the seawall no license is needed. But when fishing up all rivers and Bayous a fishing license is needed regardless of what kind of rod is used, even a pole and line.

Pat Toomey, our local game warden, is always on the prowl, doing a good job. Pat informed me that since the Teal duck season opened, a lot of them have been killed in Mulatto Bayou, around Herron Bay and along the coast line from Bayou Caddy down, which is known as the Mississippi Marsh.

The Director of the Louisiana Wild Life and Fisheries Commission, reminds hunters that the opening of the 1973 September Teal Season in Louisiana is September 22 running through September 30 and points out that "The Point System scheduled for use during the regular duck season will not be in effect for the teal season and bag limits will be the usual 4 daily and 8 possession with only blue and green-winged teal permitted in both." Angelle emphasized that a 1973-74 basic hunting license along with a signed 1973-74 Migratory Bird Hunting Stamp is required of all teal hunters 18 years or older during the nine day season.

Judge Rene A. Vlosca, 82, died in New Orleans on Sunday. The judge had been a summer resident of Bay St. Louis for many years. He was an expert fisherman, catching

mostly red fish. Had many friends locally. Sympathy is extended to his family.

Rabbits can be hunted with guns during open season on any game. Real hunters won't kill them until after the first frost. It's too hot to kill them now. The daily bag limit is 8, 16 in possession.

When fishing, plenty Rails, Sora and Virginia, King and Clapper are being seen along the banks. It is a temptation to shoot them. The season does not open until Oct. 27th.

Fishing and hunting will take up most of this column from now on. If any catches or kills are made, send them to Doc Elliott, c/o Kantcha Ketchum, at the Echo. Will be glad to write them up.

## Seven Days Left To Register In PP&K

There is just one week remaining for youngsters in Hancock County to register for the local Punt, Pass & Kick Competition.

Charlie Henderson, Ford Dealer sponsoring the popular youth activity in this area, said that registrations would be taken through Friday, September 28. The Hancock County PP&K Competition is

scheduled for Sept. 29, at Bay High Tiger Stadium.

"Although time is growing short, any youngster eight through 13 years of age can still compete," said Henderson. "All a contestant needs to do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind and that goes for all six levels of competition, up to and including the National Finals." Henderson pointed out that trophies will be awarded for

1st, 2nd and 3rd place in the local competition in each of the six age groups. Increasing the youngster's chances of winning one of the 18 trophies is the fact that each contestant competes only against others of the same age. And since there is no body contact, an entrant's size is not as important as his ability to punt, pass and place-kick for distance with accuracy.

"Winners can continue on up through the zone, district, area and division contests to the national finals," the Ford dealer said. "It's possible that one or more of our local winners would wind up in the Finals, which will be held at the Super Bowl Game in Houston on January 13."

On registering each entrant

gets a free PP&K Tips Book. In the 1973 edition are suggestions from NFL stars Jerrel Wilson, Norm Sneed and Chester Marcel, plus Head Coaches Don Shula and Dan Devine. Complete PP&K rules and suggested conditioning exercises for contestants are also included.
